VERDICT FOR PLAINTIFF IN SUM \$12,500

E. E. DOUVILLE GIVEN THIS AMOUNT WITH INTEREST AT 8 PER CENT FOR FIVE YEARS AGAINST SKINNER MANUFACTURING CO.

A verdict for \$12,500 with interest at 8 per cent for about five years, making a total of nearly \$18,000, was rendered by the jury in the case of E. E. Douville vs. the Skinner Manufacturing Co. in the circuit court yesterday, after a trial occupying more than two days. The verdict was rendered shortly before the court adjourned for the noon hour.

The suit was based on commissions claimed for the sale of the lands and plant of the company to a syndicate of local men, who took over the property about five years ago. Suit was then brought and yesterday's verdict was the third one rendered in favor of the plaintiff, the two preceding ones being set aside by the supreme court.

THE SLEEP OF GOOD HEALTH.

The restorative power of sound sleep can not be over estimated and any ailment that prevents it is a menace to health. J. L. Southern, Eau Claire, Wis., says:—"For a long time I have been unable to sleep soundly nights because of pains across my back and soreness of my kidneys. My appetite was very poor and my general condition was much run down. I have been taking Foley's Kidney Pills but a short time and now sleep as sound as a rock. I eat and enjoy my meals, and my general condition is greatly improved. I can honestly recommend Foley's Kidney Pills as I know they have cured me." W. A. D'Alemberte, druggist and apothecary, 121 S. LAWLESSNESS SPREADING.
Pekin, April 22.—The lawlessness of the natives which began at Chang-

sha, the capital of Hunan province, is reported to be spreading. Advice received here say that riots have occurred at Ningsiang, the site of a Protestant mission, thirty miles west of Changsha. A mission school at Yiyang, twenty miles north of Ningsiang, has been burned. The foreigners are said to have escaped harm.

ONE CONDUCTOR WHO WAS CURED.

Mr. Wilford Adams is his name, and he writes about it—"Some time ago I was confined to my bed with chronic rheumatism. I used two bottles of Foley's Kidney Remedy with good effect, and the third bottle put me on my feet and I resumed work as conductor on the Lexington, Ky., Street Railway. It gave me more relief than any medicine I had ever used, and it will do all you claim in case of rheumatism." Foley's Kidney Remedy cures rheumatism by eliminating the uric acid from the blood. W. The Difference in the Play of the National and American Leagues

Which plays the better ball? Sam Crane tells in *Pearson's Magazine*, now on sale. He describes and analyzes the play of the two leagues, plainly shows the difference, and incidentally explains why the National League regularly wins the World's Championship. Here, for the first time, is a frank comparison of the two leagues, made by a man who has followed the game for thirty years. If you think one league is better than the other, read this story. Crane hasn't attempted to please both sides; he speaks sincerely. His story should settle all arguments.

The needlessness of the increased cost of living is explained in the same issue a few men fix the prices for their own profit; here's the whole story. The industries which made Mr. Taft change his mind about the tariff are set forth by Alfred Henry Love, also he names the four men who really control the government. The diseases which kill 15 to 20 per cent of young men and affect principally innocent women and babies are described in plain words; it is the first explanation of the greatest social evil. An old-time newspaper man writes of newspaper men of yesterday and today, another story tells how two women with pikes defy the United States Supreme Court. For entertainment there are seven splendid short fiction stories, including a cocker—the second story of Dan Tark, by F. C. Macfarlane.
